PROFILE

I'm looking for an internship in the field of work and design to further develop my skills and gain hands-on experience working with a team. I aim to enhance my abilities and build a strong foundation for my future career.

WORK EXPERIENCE

■ Mini Project bookverse

[https://www.comsci-](https://www.comsci-rmutp.com/651224/BOOKLAB/login.php)

[rmutp.com/651224/BOOKLAB/login.php](https://www.comsci-rmutp.com/651224/BOOKLAB/login.php)

I have been assigned to help design the UI for a website in this project. This website is for adding favorite books and viewing their details.

■ Class workshop

comsci-rmutp.com/651216/supanidalab2/index.html

This website was created as a self-introduction for a class. It includes personal information, a profile picture, and contact details. Bootstrap was used as the foundation, with additional design customizations made to suit personal preferences.

■ Figma design

<https://www.figma.com/@supanidaa>

Using Figma to practice designing various web pages to gain experience and develop new skills.

■ Github

[supanida060347](https://github.com/supanida060347)

"To practice web development by learning from YouTube and applying the knowledge (for web development examples only)."
