SUPANIDA JANKHIAW

About Me

I'm looking for an internship in the field of work and design to further develop my skills and gain hands-on experience working with a team. I aim to enhance my abilities and build a strong foundation for my future career.

Skills

HTML	Git/Github
Css	Canva
JavaScript	Figma
My SQL	

Experience

Mini Project bookwerse

https://www.comsci-rmutp.com/651224/BOOKLAB/login.php

I have been assigned to help design the UI for a website in this project. This website is for adding favorite books and viewing their details.

Class workshop

comsci-rmutp.com/651216/supanidalab2/index.html

This website was created as a self-introduction for a class. It includes personal information, a profile picture, and contact details. Bootstrap was used as the foundation, with additional design customizations made to suit personal preferences.

Figma design

https://www.figma.com/@supanidaa
Using Figma to practice designing various web pages to gain experience and develop new skills.

Github

https://github.com/supanida060347

"To store web development work."

Education

science and technology of computer

Rajamangala University of Technology Phra Nakhon
2022-Now

GPA 3.32
